

# Current Statistics of the RBI Monthly Bulletin

## Explanatory Notes on Tables for Time series version as well as print version

### Table 1: Select Economic Indicators

- Quarterly estimates of Gross Domestic Product are at Factor Cost at constant prices (Base=2004-05)
- 1.2 & 6: Annual data are averages of months.
- 3.5 & 3.7: Relate to ratios of increments over financial year so far.
- 4.1 to 4.4, 4.8, 4.12 & 5: Relate to the last day of the month/financial year.
- 4.5, 4.6 & 4.7: Relate to five major banks on the last Friday of the month/financial year.
- 4.9 to 4.11: Relate to the last auction day of the month/financial year.
- Term Deposit Rate relates to five major banks for deposits of more than one year maturity
- Saving Deposit Rate relates to five major banks
- Figures relate to the last Friday/last reporting Friday (in case of March).
- Treasury Bill (primary) yield relate to Cut-off price of the last week of the Month
- 10 Year government securities yield relates to last day of the Month
- Cash Reserve Ratio of Scheduled Commercial Banks (excluding Regional Rural Banks).
- Market-based exchange rate system was introduced from March 1, 1993.

### Table 2: RBI – Liabilities and Assets

- 1.2.1 The gold reserves of Issue Department were valued at ₹84.39 per 10 grams up to October 16, 1990 and from October 17, 1990 they are valued close to international market prices.
- 1.2.3: Includes Government of India one rupee notes issued from July 1940.
- 2.1.2: Includes (i) Paid-up Capital (ii) Reserve Fund (iii) National Industrial Credit (Long-Term Operations) Fund (iv) National Housing Credit (Long-Term Operations) Fund

- 2.2.2: Includes cash, short-term securities and fixed deposits. This also includes investment in foreign currency denominated bonds issued by IIFC (UK) since March 20, 2009.
- 2.2.3.2: Includes temporary overdrafts to State Governments.

**Table 3: Liquidity Operations by RBI**

- Figures corresponding to 'Standing Liquidity Facility' are availed of from all offices of RBI.
- Since the 'Standing Liquidity Facility' figures are based on six DADs, they may differ from Money Market Press Release.
- OMO (Outright) excludes RBI's agency operations.

**Table 4: Sale/ Purchase of U.S. Dollar by the RBI**

- (+) Implies Purchase including purchase leg under swaps and outright forwards.
- (–) Implies Sales including sale leg under swaps and outright forwards.
- This table is based on value dates.

**Table 5: RBI's Standing Facilities**

- Export Credit Refinance (ECR) Limit for scheduled banks enhanced from 15% to 50% w.e.f. June 30, 2012.
- 'Others' represent refinance facility to the EXIM bank (since December 2011).

**Table 6: Money Stock Measures**

- Banks include commercial and co-operative banks.
- Monetary aggregates as at end-March are compiled from i) Section 42 returns of scheduled banks as on last reporting Friday of March, (ii) Monthly returns for March of all other banks (iii) the Weekly Statement of Affairs of the Reserve Bank of India for March 31.
- 'Other deposits' with RBI exclude balances held in IMF Account No.1, Reserve Bank of India Employees' Provident Fund, Pension Fund, Gratuity and Superannuation Fund.
- Data are provisional.

**Table 7: Sources of Money Stock (M3) & Table No. 11: Monetary Survey**

- Please see items of notes to Table 6.
- On the establishment of National Bank for Agriculture and Rural Development (NABARD), on July 12, 1982, certain assets and liabilities of the Reserve Bank were transferred to NABARD, necessitating some reclassification of aggregates in the sources of money stock from that date.
- RBI credit to the commercial sector represents investments in bonds/shares of financial institutions and loans to them.
- Since March 20, 2009, Net Foreign Exchange Assets of the RBI include investments in foreign currency denominated bonds issued by IIFC (UK). It is also inclusive of appreciation in the value of gold following its revaluation close to international market price effective October 17, 1990. Such appreciation has a corresponding effect on Reserve Bank's net non-monetary liabilities.

**Table 8: Monetary Survey**

- Please see notes of Table 6.
- NM2 and NM3 do not include FCNR (B) deposits.
- NM2 includes M1 and residents' short-term time deposits (including and up to the contractual maturity of one year) with commercial banks.
- Domestic Credit includes investments of banks in non-SLR securities, comprising commercial paper, shares and bonds issued by the public sector undertakings, private sector and public financial institutions and net lending to primary dealers in the call/term money market. Other components such as credit to Government, investments in other approved securities and conventional bank credit remain unchanged.
- Net Foreign Assets of the Banking Sector comprises RBI's net foreign assets and scheduled commercial banks' net foreign currency assets.

- Net Foreign Currency Assets of Commercial Banks represent their gross foreign currency assets netted for foreign currency liabilities to non-residents
- Capital Account consists of paid-up capital and reserves.
- Other Items (net) of the Banking System is the residual balancing the components and sources of money stock, representing other demand and time liabilities, etc. of the banking system.

**Table 9: Liquidity Aggregates**

- CDs: Certificates of Deposit, L1, L2 and L3: Liquidity Aggregates, NBFCs: Non-Banking Financial Companies.
- Postal Deposits comprise post office savings bank deposits, post office time deposits, post office recurring deposits, other deposits and post office cumulative time deposits.
- Financial Institutions (FIs) comprise EXIM Bank, SIDBI, NABARD, and NHB.
- Data on public deposits with NBFCs is based on quarterly returns filed by all deposit-taking NBFCs (including RNBCs).
- While L1 and L2 are compiled on a monthly basis, L3 is compiled on a quarterly basis.
- Data are provisional. Wherever data are not available, the estimates for the last available month have been repeated.

**Table 10: Reserve Bank of India Survey**

- The components of reserve money are same as in Table 11.
- On the sources side, the Reserve Bank's net non-monetary liabilities as given in Table 11 are classified into capital account (comprising capital and reserves) and other items (net) here.
- Data are provisional.

**Table 12: Commercial Bank Survey**

- (a) Time Deposits of Residents: These do not include foreign currency repatriable fixed deposits (such as FCNR (B) deposits) based on the residency criterion and exclude banks' pension and provident funds because they are in the nature of other liabilities and are included under 'other demand and time liabilities'.
- (b) Short-term Time Deposits: Refers to contractual maturity of time deposits of up to and including one year. This is estimated at 45.0 per cent of total domestic time deposits.
- (c) Domestic Credit: It includes investments of banks in non-SLR securities, comprising commercial paper, shares and bonds issued by the public sector undertakings, private sector and public financial institutions and net lending to primary dealers in the call/term money market, apart from investment in government and other approved securities and conventional bank credit (by way of loans, cash credit, overdrafts and bills purchased and discounted).
- (d) Please see item (d) of notes to Table 8.
- (e) Capital Account: It consists of paid-up capital and reserves.
- (f) Other Items (net): It is the residual balancing the components and sources of the Commercial Banking Survey and includes scheduled commercial banks' other demand and time liabilities, net branch adjustments, net inter-bank liabilities etc.
- (g) Data are provisional.

**Table 13 Scheduled Commercial Banks' Investments**

- Data against column Nos. (1) & (2) are Final (including RRBs) and for column Nos. (3), (4) & (5) data are Provisional (excluding RRBs).

**Table 14: Business in India – All Scheduled Banks and All Scheduled Commercial Banks**

**A. General**

- The expression 'Banking System' or 'Banks' means (a) State Bank of India and its associates, (b) Nationalised Banks, (c) Banking companies as defined in clause 'C' of Section 5 of the

Banking Regulation Act, 1949, (d) Co-operative banks (as far as scheduled co-operative banks are concerned), (e) Regional Rural Banks and (f) any other financial institution notified by the Central Government in this regard.

## **B. Specific Notes on Items**

- 1 & 2: Exclude borrowings of any scheduled state co-operative bank from the State Government and any Reserve Fund deposit required to be maintained with such bank by any co-operative society within the area of operation of such bank.
- 1.1: Deposits of co-operative banks with scheduled state co-operative banks are excluded from this item but are included under 'Aggregate deposits'. In respect of all Scheduled Commercial Banks, the data includes participation Certificates (PCs) issued by scheduled commercial banks to other banks and financial institutions.
- 1.2: Excludes borrowings of regional rural banks from their sponsor banks.
- 1.3: Wherever it has not been possible to provide the data against the item 'Other demand and time liabilities' under 'Liabilities to the Banking System' separately, the same has been included in the item 'Other demand and time liabilities' under 'Liabilities to others'.
- 2.2: Other than from the Reserve Bank of India, NABARD and Export-Import Bank of India.
- 3: Figures relating to scheduled banks' borrowings in India are those shown in the statement of affairs of the Reserve Bank of India. Borrowings against usance bills and/or promissory notes are under section 17(4) of the Reserve Bank of India Act, 1934.
- 4.2: As per the Statement of Affairs of the Reserve Bank of India.
- 5.3: Advances granted by scheduled state co-operative banks to co-operative banks are excluded from this item but included under 'Loans, cash-credits and overdrafts'.
- 6.1: At book value; it includes treasury bills and treasury receipts, treasury savings Certificates and postal obligations.
- 2.3: Includes participation Certificates (PCs) issued by scheduled commercial banks to others.

**Table 15: Deployment of Gross Bank Credit by Major Sectors**

- Data are provisional and relate to select banks which cover 95 per cent of total non-food credit extended by all scheduled commercial banks.
- Export credit under priority sector relates to foreign banks only.
- Micro & small under item 1.1.2.1 includes credit to micro & small industries in manufacturing sector.
- Micro & small enterprises under item 1.2A.2 includes credit to micro & small enterprises in manufacturing as well as services sector.
- Micro credit under priority sector includes loans of very small amount not exceeding Rs. 50,000 per borrower provided by banks either directly or indirectly through a Self Help Groups (SHGs)/ Joint Liability Groups (JLGs) mechanism or to Non-banking Finance Companies (NBFCs)/ Micro Finance Institutions (MFIs) for on-lending up to Rs. 50,000 per borrower.
- For details of priority sector, please refer RBI Circular RBI/2006-2007/358 RPCD. No. Plan. BC. 12 /04.09.01/ 2012-13 July 2, 2012.
- Credit to agriculture before and since March 2011 are not strictly comparable due to definitional change effected in March 2011, when some of the items, earlier classified as agriculture, were de-classified from it.

**Table 16: Industry-wise Deployment of Gross Bank Credit**

- Data are provisional and relate to select banks which cover 95 per cent of total non-food credit extended by all scheduled commercial banks.

**Table 17: State Co-operative Banks Maintaining Accounts with the Reserve Bank of India**

- 2.1.1: Excludes reserve fund maintained by co-operative societies with State Co-operative Banks
- 2.1.2: Excludes borrowings from RBI, SBI, IDBI, NABARD, notified banks and State Governments.

- 4: Includes borrowings from IDBI and NABARD.

**Table 18 Consumer Price Index (Base: 2010=100) & Table 22: Index of Industrial Production (Base: 2004-05=100)**

- Data for the latest month is Provisional.

**Table 21: Wholesale Price Index**

Data for last two months are Provisional.

**Table 23: Union Government Accounts at a glance**

1. Financial year runs from “April to March”.
2. Actuals are unaudited figures.

**Table 24: Treasury Bills – Ownership Pattern**

Primary Dealers (PDs) include banks undertaking PD business.

**Table 27: Certificates of Deposit**

Rate of Interest is the range of effective interest rate per annum.

**Table 28: Commercial Paper**

Rate of Interest is the typical effective discount rate range per annum on issues during the fortnight.

**Table 29: Average Daily Turnover in Select Financial Markets**

Turnover is twice the single leg volume in case of Call/ Notice/ Term Money, CBLO; but four times in case of Market Repo and Repo in corporate bond.

**Table 30: New Capital Issues by Non-Government Public Limited Companies**

- Data are based on prospectus/advertisements issued by companies, replies to Reserve Bank's questionnaire and information received from SEBI, stock exchanges, press reports, etc.
- Exclude private placement and offer for sale.
- 1: Excludes bonus shares.
- 2: Includes cumulative convertible preference shares and equi preference shares.

**Table 31: Foreign Trade**

- Data conversion has been done using period average exchange rates.
- Monthly data may not add up to the annual data on account of revision in monthly figures.

**Table 32: Foreign Exchange Reserves**

- **Foreign Currency Assets:** Foreign currency assets exclude investment in foreign currency denominated bonds issued by IIFC (UK), SDRs transferred by Government of India to RBI and foreign currency received under SAARC SWAP arrangement. Foreign currency assets in US dollar take into account appreciation/depreciation of non-US currencies (such as Euro, Sterling, Yen, Australian Dollar, etc.) held in reserves. Foreign exchange holdings are converted into rupees at rupee-US dollar RBI holding rates.

**Table 33: NRI Deposits**

- FCNR(B): Foreign Currency Non-Resident (Banks).
- NR(E) RA: Non-Resident (External) Rupee Accounts.
- NRO: Non-Resident Ordinary Rupee Account.
- Flows derived from the month-end balances may not be consistent with the data provided under monthly total 'outflows/inflows' as exchange rates used in two sets of data are different.
- FCNR(B) was introduced in May 1993.

**Table 34: Foreign Investment Inflows**

- 1.1.1.1.1.3: Relates to acquisition of shares of Indian companies by non-residents under Section 6 of FEMA, 1999. Data on such acquisitions have been included as part of FDI since January 1996.
- 1.2.2: Represents inflow of funds (net) by Foreign Institutional Investors (FIIs).
- 1.1.1.1.1.4: Represents estimated figures for 2012-13 based on the average of previous two years.
- 1.2.1: Represents the amount raised by Indian Corporates through Global Depository Receipts (GDRs) and American Depository Receipts (ADRs).
- 1.1.1.1.2 & 1.1.2.2: Data for 2012-13 are estimated on the basis of average of previous two years and factoring in the recent trend in Indian Corporate Profitability.
- 1.1.2.3: Data pertains to intercompany debt transactions of FDI entities.
- Data for Equity Capital of Unincorporated Bodies and Reinvested earnings in the column of the monthly tables are estimated for each quarter and equally distributed to three months.
- Data on FDI have been revised since 2000-01 with expanded coverage to approach international best practices. These data, therefore, are not comparable with FDI data for previous years.
- Data on repatriation/disinvestment of FDI are available on quarterly basis with a lag of three months along with balance of payments statistics. Therefore, data for these items for latest months are estimates.
- Foreign investment data in this table may not tally with the same data appearing in the BoP table for the recent period due to late reporting of some data. However, such data would be incorporated in the BoP statistics as per the BoP revision policy.

**Table 35: Outward Remittances under the Liberalised Remittance Scheme (LRS) for Resident Individuals**

- 1.10: Include items such as subscription to journals, maintenance of investment abroad, student loan repayments, credit card payments etc. (till 2008-09 also includes education, travel, maintenance of close relatives and medical treatment).
- The data from 2004 to 2007 are on calendar basis.
- Under Liberalised Remittance Scheme (LRS), currently, the residents are permitted to remit up to an amount of US \$ 2,00,000 per financial year (April-March) for any permitted current or capital account transactions or a combination of both with effect from September 26, 2007. The LRS Scheme was introduced in February 2004 to facilitate resident individuals to freely remit up to US \$ 25,000 per calendar year, which was enhanced to US \$ 50,000 per financial year in December 2006; to US \$ 1, 00,000 per financial year in May 2007; and to US \$ 2, 00,000 per financial year in September 2007.

**Table No. 36: Indices of Real Effective Exchange Rate (REER) and Nominal Effective Exchange Rate (NEER) of the Indian Rupee**

- Rise in indices indicates appreciation of the Rupee and vice versa.
- Base year 2010-11 is a moving one, which gets updated every year.

**Table 37: External Commercial Borrowings (ECBs)**

- The External Commercial Borrowings (ECBs) figures include Foreign Currency Convertible Bonds (FCCBs) in this table.
- The data are based on ECB applications which are allotted Loans Registration Numbers (LRNs) during the period.
- In case of floating rate loans, interest rate margins are weighted by amount of loan.

**Table 38, 39, 40 & 41 India's Overall Balance of Payments**

- P: Preliminary; PR: Partially Revised
- The comparable figures in new and old formats may not entirely agree due to rounding off.

- Total of subcomponents may not tally with aggregates due to rounding off.

Explanatory notes on these tables are available in December issue of RBI Bulletin, 2012.

**Table 42: International Investment Position**

- International Investment Position (IIP) is a statistical statement that shows, at a point in time, the value and the composition of (a) financial assets of residents of an economy that are claims on non-residents and gold bullion held as reserve assets; and (b) liabilities of residents of an economy to non-residents. The difference between an economy's external financial assets and liabilities is its net IIP, which may be positive or negative. Such balance sheet analysis of international accounts helps in understanding sustainability and vulnerability and is useful for analysing economic structure, studying the relationship to domestic sources of financing and other policy considerations.
- Quarterly data on International Investment Position of India is compiled with one quarter lag and forwarded to IMF to meet the requirement of SDDS. The data for the latest quarter is provisional and data for the previous quarters are partially revised.
- Assets are divided into direct investment, portfolio investment, other investment and reserve assets. Liabilities are divided the same way except for reserve assets, i.e., direct investment, portfolio investment and other investment.
- Direct investment includes equity capital, reinvested earnings, and other capital (intercompany debt). Foreign Direct Investment (FDI) is not adjusted for price changes. All liabilities other than equity, between direct investor & direct investment enterprises are treated as other capital.
- Portfolio investment is classified primarily by instrument viz. equity securities and debt securities (Bonds & notes and Money market institution). Portfolio Investment is not adjusted for price changes.
- Other investment includes trade credits, loans, currency and deposits, and other assets and liabilities (such as capital subscriptions to international, non-monetary organizations and

miscellaneous accounts receivable and payable). In trade credit, supplier's credit up to 180 days is included. Currency and deposits include accrued interest.

**Table 43: Payment System Indicators**

- MICR - Magnetic Ink Character Recognition - automated CPC (Cheque Processing Centres)
- Non MICR Clearing done at the clearing houses where MICR Cheque Processing Centres have not been set up. The processing is done either using Magnetic Media Based Clearing System (MMBCS), Express Cheque Clearing System (ECCS) or is done manually.
- RBI Centres (MICR) refers to all centres where RBI is the Settlement Bank.
- Non MICR Data pertains to the Clearing Houses managed by 21 banks namely SBI (765), SBBJ (71), SBH (55), SBM (47), SBP (63), SBT (69), Allahabad Bank (2), Andhra Bank (2), Axis Bank (4), BoB (6), BoI (5), CBI (1), HDFC Bank (45), ICICI Bank (1), IOB (3), J & K Bank (5), PNB (26), Syndicate Bank (1), UCO Bank (2), Union Bank (10) and United Bank (11). Figures in bracket indicate Non MICR Cheque Clearing Houses managed by the bank.
- The other MICR Centres includes 43 centres managed by 13 PSBs namely Andhra Bank, Bank of Baroda, Bank of India, Canara Bank, Central Bank of India, Corporation Bank, Oriental Bank of Commerce, Punjab National Bank, State Bank of India, State Bank of Travancore, State Bank of Hyderabad and Union Bank of India. The list of other MICR centres (apart from RBI) is given in the Notes on Table 8.
- Cheque Truncation System (CTS) implemented in New Delhi and Chennai (grid) w.e.f February, 2008 and September, 2011 respectively. The total Cheque clearing volume in these two centres has been migrated to CTS from July, 2009 and March, 2012 respectively. Bank branches from 43 centres are participating in Chennai CTS Grid.
- Cards Outstanding means Cards issued by banks (excluding those withdrawn / blocked).
- Inter-bank Clearing Settlement pertains to the Multilateral Net Settlement Batches (MNSB). MNSB settlement in RTGS started from 12 August, 2006.
- The MNSB Settlement relates to the settlement of NECS, ECS, EFT, NEFT, REPO, Outright, FOREX, CBLO and Cheque Clearing at Mumbai.

- Transaction using Mobile Banking Service includes Interbank Mobile Payment Service (IMPS) transactions also.
- Prepaid Payment Instruments (PPIs) data is available since December 2010 only.

**Table 44: Small Savings**

- 1.1.1: Receipts include interest credited to depositors' account from time to time.
- 1.1.9: Relate to 5-year, 10-year and 15-year cumulative time deposits. Exclude Public Provident Fund.
- 1.2.4 to 1.2.6: Negative figures are due to rectification of misclassification.
- 1.3: Data relate to Post Office transactions.

**Table 45: Ownership Pattern of Government of India Dated Securities (Face Value)**

- Includes securities issued under the Market Stabilisation Scheme and the special securities, e.g., issued to the oil marketing companies.

**Table 46: Combined Receipts and Disbursements of the Central and State Governments**

1. Others under total disbursements represents compensation and assignments by States to local bodies and Panchayati Raj institutions.
2. Market borrowing comprises of borrowings through issuances of dated securities of Central and State Governments and 364-day Treasury Bills of Government of India.
3. Budget estimates in respect of Net Bank Credit to Government, Net RBI Credit to Government and Non-Bank Credit to Government are not applicable.
4. Data in respect of Net Bank Credit to Government and Net RBI Credit to Government, is as per RBI records.
5. Small Savings represent net investment in Central and State Governments' special securities by the National Small Savings Fund (NSSF).
6. Cash balances include Ways and Means Advances of the State Governments.

7. Others under financing of gross fiscal deficit includes Treasury Bills (excluding 364-day Treasury Bills), loans from financial institutions, insurance and pension funds, remittances, cash balance investment account etc.
  8. Minus sign (-) indicates surplus / net outflow.
  9. Total disbursements/receipts are net of repayments of the Central Government (including repayments to the NSSF) and State Governments.
  10. Total receipts are net of variation in cash balances of the Central and State Governments.
  11. Data pertaining to State Governments relate to budgets of 28 State Governments.
- 

**Notes:** .. = Not available.

– = Nil/Negligible.

P = Preliminary/Provisional.

PR = Partially Revised.

-----
